Colour a coin every payday you add to your SAVE jar

Before you start, cross out the coins you won't need. Eight paydays to go? Cross out 9 to 19 and keep the GOAL coin.

Grown-ups: ages 4–6 do best with a goal they can reach in 4–8 paydays; ages 7–10 can stretch to 10–20. Never top up the SAVE jar secretly, and never raid it. Reaching the goal on their own is the whole lesson.
